International application No.

PCT/AU2004/001547

This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons: Claims Nos.: Claims Nos.:	Box No. II	Observations where certain claims were found unsearchable (Continuation of item 2 of first sheet)				
because they relate to subject matter not required to be searched by this Authority, namely: 2.	This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:					
2. Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of invention is tacking (Continuation of item 3 of first sheet) This international Searching Authority found multiple inventions in this international application, as follows: See attached shoot. 1. As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims. 2. X As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:	1.	Claims Nos.:				
2. Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: 3. Claims Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of invention is tacking (Continuation of item 3 of first sheet) This international Searching Authority found multiple inventions in this international application, as follows: See attached sheet. 1. As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims. 2. X As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:	L	because they relate to subject matter not required to be searched by this Authority, namely:				
because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: 3.						
an extent that no meaningful international search can be carried out, specifically: Claims Nos.:	2.					
because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule 6.4(a) Box No. III Observations where unity of invention is lacking (Continuation of item 3 of first sheet) This International Searching Authority found multiple inventions in this international application, as follows: See attached sheet. 1. As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims. 2. X As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. 3. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.: 4. No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.: Remark on Protest The additional search fees were accompanied by the applicant's protest.

Sup	plem	ental	Box
-----	------	-------	-----

(To be used when the space in any of Boxes I to VIII is not sufficient)

Continuation of Box No: III

- 1. Claims 1 to 5 and 13 to 16 are directed to a fitting for a door which supports a rotatable wheel having a plurality radially extending portions.
- 2. Claims 6 to 12 and 20 are directed to a catch for a door, the base of the catch is secured to the vertical inner face of the door with a projecting arm with a roller pivotally mounted for rotation about an axis parallel to the plane of the door.
- 3. Claims 17 to 19 are directed to an arrangement where a wheel is supported by an arm at the outer end of a cupboard door so it can engage the cupboard frame, the arm being resiliently deflectable.

Information on patent family members

International application No. PCT/AU2004/001547

This Annex lists the known "A" publication level patent family members relating to the patent documents cited in the above-mentioned international search report. The Australian Patent Office is in no way liable, for these particulars which are merely given for the purpose of information.
